**Office Hours**

Winter office hours are from 8:30am until 12:30pm, Monday through Friday. During the spring and summer, these hours extend until 4pm. Our receptionists are available during these times to answer your calls and schedule appointments. Appointments can be made for visits on your farm or at the clinic. In order to better serve our clients, our farm call scheduling system is arranged by zones. Therefore, when the veterinarians are scheduled to be in a specific zone, any clients schedule for that day who are in that zone will receive a reduced call charge. Of course, appointments can be made for other days as well, but a full call charge will apply. There is no call charge for appointments seen at the clinic.

**Emergencies**

Emergency care is available 24 hours a day, 7 days a week. Emergency calls after hours are handled by our answering service (1.800.208.3101). For non-emergency questions after hours, you may leave a message on our answering machine at the clinic, or wait until the following day during our regular business hours.

Please be sure to complete and return Patient History forms. It is helpful for us to have all the pertinent information ahead of time, so that we may provide your horse(s) with the best quality care.

Payment for routine services is due at the time of service. Emergency treatments may be billed if we have a completed Credit Application on file. If you would like to keep this option open, please also fill out this application.

If you have any questions, please do not hesitate to contact our office. Once again, welcome, and we look forward to serving you.
